Agile Manifesto

What is Agile?
- Ability to move quickly and easily

Agile Testing
- If you are following rules and principles of agile software development

Agile Manifesto
- ### Started in 2001
  - #### Problem with older Software Development
    - Slow
    - Not flexible
    - Avoid changes
    - No feedback of users
- ### Set of Values
  - **Individuals and interactions** over processes and tools
  - **Working software** over comprehensive documentation
  - **Customer collaboration** over contract negotiation
  - **Responding to change** over following a plan
- we value the items on the left more.

Agile Development is Useful
- Fast Changing environment.
- Environment where problems and solution are unclear
